Working at AECI is more than a job, it is a career filled with challenges, rewarding work experiences, state-of-the-art tools and exceptional benefits. We are a premier employer comprised of the best and the brightest in the industry. We are searching for talented, enthusiastic people to contribute to our team as we work to provide safe, reliable and affordable energy for our member-owners. At AECI, one of the largest electric cooperatives in the nation, your opportunities to gain valuable experience and contribute new ideas in an ever-changing industry with a growing company are endless.

Under minimal supervision, the Thermal Performance Engineer (TPE) is responsible for monitoring and improving plant heat rate in addition to working on special projects as assigned. The TPE will be responsible for project management engineering work including the preparation of project scope, overseeing the development of project schedules, and acquiring and managing third-party engineering services. The TPE should be able to efficiently work with the other departments within the power plant and Power Production Division to solve problems and accomplish objectives.

Qualified applicants must possess a Bachelor of Science in Mechanical Engineering or comparable work experience, must possess two years of related experience, demonstrate a firm grasp on thermodynamics as it relates to a power plant and demonstrate a solid understanding of plant operations, project management and economics. P.E. certification is preferred. Applicants should also possess excellent communication and interpersonal skills, demonstrate the ability follow established methodology and stay informed of technical innovations and changes in the industry.

To learn more about Associated and to apply for a position, please visit www.aeci.org and complete your profile. You will be able to upload additional applicant documents (i.e. resume, cover letter) and apply for a position.

AECI is fully committed to the concept and practice of equal opportunity and affirmative action in all aspects of employment. Please reference the contact information above if you require assistance in filling out an application. Individuals with disabilities should request reasonable accommodations in accordance with the Americans with Disabilities Act prior to an appointment.
